
Cover Crop Workshop

Ian is leading a practical workshop for FWAG South West next week, looking at the benefits of cover crops. It will take place on the morning of Wednesday, 7 December 2016, 10am-1pm at Rhode Farm, Rhode, Bridgwater, TA5 2AD.

Ian will be joined by resource protection specialist Jo Oborn and the workshop will focus on the role of cover crops in resource protection, through the reduction of soil erosion and the improvement of soil structure and organic matter. It will be followed by a farm walk to look at the use of cover crops on the farm.

Advance booking is essential. Call 01823 660684 info@fwagsw.org.uk
