Herbal Leys in May

Customers have been sharing photos of our herbal leys on social media…

{video1}

From Mark Lea/Green Acres Farm in Shropshire: ‘Delighted with our herbal ley from CotswoldSeeds on very light sand in a very dry spring.’

James Windridge in the Cotswolds posted: ‘Mob grazing for the first 130 weaned dairy beef calves on CotswoldSeeds herbal leys.’

And from Innovation Farm: ‘The SARIC herbal ley at Duxford is looking amazing! And this was before the recent rain - deep rooting legumes like sainfoin really showing their advantage in this very dry March/April.’
