CHCx3 Newsletter January 2025

The new newsletter for the Centre for High Carbon Capture Cropping (CHCx3 for short) is out!

Featuring editorial from Stuart Knight, the Knowledge Hub Leader, a viewpoint from the NFU - 'Lobbying success paves the way for hemp growers', Research in Focus articles including the carbon potential of fibre crop, plus carbon calculators and news on cover crop open days, Agri-TechE day and a focus on Crops4Energy there's plenty to read.

There's also a case study featuring Cotswold Seeds customer and herbal ley Grower, Mark Spendlove, from Northamptonshire.

Read all about it here!

January Newsletter from CHCx3

Cotswold Seeds is proud to be partnering in the CHCx3 project, which is amied at increasing carbon capture through farmed crops and their utilisation.
