What's On @ FarmED Winter 2025-Spring 2026

Winter Bird Walk - 26th January Join us on the farm to discover which birds call FarmED their home over the winter, led by conservationist, Nick Patel.

Pastured Poultry - 28th January In this interactive half-day workshop, we'll explore the challenge of selecting, feeding and housing pastured poultry for meat and eggs in a high welfare and regenerative context.

Pastured Pigs - 29th January In this half day workshop we will explore how pigs fit into a regenerative farming system and find out about issues concerning herd health in a pastured, outdoor system.

Introduction to Agriculture - 18th February For people with little or no agricultural experience who are either entering a career in the rural sector or would like a basic knowledge of farming and food production.

Soil Health is Human Health - 3rd March Join the team from microbz to discuss the link between regenerated soils, nutrient dense food and gut health.

How Bees Make Money - 10th March How can beekeeping evolve from a fascinating hobby into a lucrative sideline, or even a full-time business?

Introduction to Holistic Planned Grazing - 11th March Join us for a day with holistic planned grazing expert Rob Havard.

Herbal Ley Establishment & Management - 18th March Discover the benefits of introducing herbal leys into your rotation with this one day course, and leave feeling confident in your abilities to plan and manage your own system.

Introduction to Regenerative Agriculture - 19th April & 6th May Introducing our newest course - designed for people who are working in agriculture, including livestock and arable farmers, who are looking to gain a basic understanding of how to farm regeneratively.

Beekeeping for Beginners - 14th April This one-day interactive workshop has been designed for anyone considering keeping bees, or on the verge of starting, and for those existing beekeepers interested in refreshing their knowledge.

Dawn Chorus - 5th May Celebrate the Dawn Chorus with a torchlit farm walk, led by conservationist Nick Patel, followed by hot drinks and a light breakfast.

Agroforestry Farm Walk - 18th May Visit FarmED as part of Agroforestry Open Weekend 2026 for a brief taster of this system of growing food and trees together.

Plan Bee: Problem Solving for Beekeepers - 19th May A day of ideas, inspiration and problem-solving for beekeepers. Designed for fledgling beekeepers and as a refresher for those who're more experienced, this interactive course aims to look at how to manage the more complex aspects of beekeeping
