Technical Manager Sam Lane Speaking at NSA's Online Conference

Next week Sam is speaking at the NSA's South East Region's Sheep Health, Wealth & Production Online Conference. Coinciding with #SheepHealthWeek (Mon 23rd-Fri 27th Oct), the conference sees 3 days of evening sessions.

He will be talking about creating different opportunities within the rotation to utilise forage crops from short term catch crops to longer term, high protein diverse mixtures; where these option may fit into the farming system and how long they take to establish, as well as advice on how to reliably establish more complex multi species mixes.
